

Stainless Steel Security Bars

For Cable Enclosures

When extra security is required to protect your investment in power supplies and batteries, these tough, add-on security bars help keep your equipment where it belongs. Suitable for both pole and ground mount enclosures, these security bars fit most manufactures enclosures.

FEATURES

- ◆ Heavy gauge stainless steel
- ◆ Available width for 3/6 and 4/8 battery enclosures
- ◆ Order finish as bare metal or powder-coat paint
- ◆ Designed to fit on most manufactures enclosures
- ◆ Hinge-less design maks mounting to enclosure easily
- ◆ Use standard shackle locks
- ◆ Mounting hardware and instructions included
