

FLM - Non-Standby Power Supply

Modular Enclosures for Seamless Integration

The FL series enclosures house the modular non-standby power supply, the CTFLM6015. The CTFLP120 allows pole or wall mounting, the CTFLE series allows ground mounting and comes with a meter-base. If modular powering is what you are looking for, this configuration allows easy swapping of one module for another.

FEATURES

- ◇ CFLP is pole or wall mounted
- ◇ CFLE is ground mount with meter-base and breaker
- ◇ All enclosures accept the CTFLM6015 non-standby powering module
- ◇ Exterior status lamp
- ◇ Aluminum with powder-coat finish

DESCRIPTION

MYERS EPS MODEL NUMBER			
CTFLPH120	CTFLEH150	CTFLEH500	CTFLM6015
Enclosure, FLP, Pole/Wall Mount, 120VAC Input	Enclosure, FLE, Ground Mount 36" Tall, Metered w Breaker Box 120VAC	Enclosure, FLE, Ground Mount 50" Tall, Metered w Breaker Box 120VAC	Module, Non-Standby, 120VAC Input, 60VAC @ 15 Amps output

SPECIFICATIONS

CTFLPH6015 PLUG-IN MODULE	
INPUT VOLTAGE	120 VAC
INPUT FREQUENCY	60Hz±1Hz
OUTPUT VOLTAGE	60VAC quasi-square wave-fixed
OUTPUT CURRENT	15 Amps
OUTPUT REGULATION	±3%
EFFICIENCY	Up to 92%
